

## Warehousing and Storage

“Warehousing and Storage” is the acceptance of the products and the provision of physical space and appropriate conditions for the storage of PRODUCTS of the SUPPLIER of such type and in such quantities as accepted by the OPERATOR for storage.

The warehousing and storage fee for the products shall be calculated on a daily basis at the rate of EUR 0.60 per cubic meter for each day started.

The amount of the monthly fee for warehousing and storage of a single product may not be less than EUR 0.01. In case it is calculated as a smaller amount, the system will automatically equate it to EUR 0.01.

Information about the accumulated liability can be found on the BOARD in the department

### RECEIVABLES AND LIABILITIES

Invoicing shall be performed once per month at the end of the reporting period.

All prices described above are exclusive of VAT.

Example:

Product / packaged T-shirt / with dimensions 32/22/4 cm = 0.32 x 0.22 x 0.04 cm x EUR 0.60/day = EUR 0.0017 per day.

If the product is sold on the 14th day, then = 14 x EUR 0.0017 per day = EUR 0.024

*By pressing the “ACCEPT” button, the person confirms that it has read all the clauses of the Agreement, including the appendices and any references thereto, that they are clear to it, that as a result of pressing the “ACCEPT” button it will acquire the status of USER and that it is entering into this Agreement under general terms and conditions, of its own free will, without being in extreme need or under threat, as well as that it has the ability and representative power to bind the entity (in the case of a legal entity) and is not subject to injunctive relief (in the case of an individual).*
